SHS 50th Anniversary

This year, the Smithfield Public Schools will celebrate the 50th anniversary of Smithfield High School. The weekend of September 23–25, 2016 will be filled with many exciting events to commemorate this milestone in our community!

There will be several events planned throughout the year to celebrate this milestone. We are in the beginning stages of planning our events. The initial planning committee began meeting in September and set the wheels in motion. Over the past few months, several sub-committees have been established to plan the individual events and celebrations which include alumni soccer and hockey games, golf tournament, Wall of Success alumni recognition, Decades Museum, musical performances by current and former students, and school tours. The 50th Anniversary Gala will be held at the Crowne Plaza in Warwick the evening of Saturday, September 24, 2016. We will be recognizing our inaugural group of accomplished alumni during this event, as well as raising funds for our improvement initiatives and scholarships through both live and silent auctions.

Please keep an eye on this page and on the Smithfield High School website for more information.

Subject: Historical Cemeteries

So far I have gone to nine towns to introduce my proposal. One has turned me down outright as they claim it has been tried before and they didn't want to give out anymore abatements, The other 8 were very receptive and will be writing up an ordinance.

I talked to the Tax Assessor in Lincoln more about the stonewall abatement. She said the deed restriction or covenant is so it would continue on to new buyers They give a \$5,000 abatement which is limited to the tax rate and equals out to about \$117.45 at \$23.45 per \$1,000 for the year. This could be figured out by each town and put in their ordinance. I don't agree with the covenant as she said it was a draw back and people didn't want it.

As I said in the cover letter, There are cemetery committee's in most towns that would be glad to assist the Tax Assessor by going out to the applicant and taking before and after pictures, and this would be done once a year. And if it was not kept up at the end of the year then they don't get an abatement that year.

I hope I have answered all your questions, if not please contact me.

Sorry I forgot to add of the 117 cemeteries in Smithfield

5 are on Town or State property with 8 being removed to other cemeteries.

Right now the Group with the Conservation are doing the cleaning which is very commendable but they might not want to do this much more as they (and me) are getting up there in age. Maybe that is what is keeping us going?

Thank you

Re: Fire Recovery Ordinance

Dear Town Council Members,

Included is a document titled Town of Smithfield Fire Recovery Ordinance. This ordinance is the result of some research regarding such ordinances and the need to explore alternative income sources available to the fire department.

Further, this ordinance is consistent with similar practices/ordinances that have been adopted by other Rhode Island communities. I verified this information by inquiring with our EMS revenue recovery vendor who has several clients in Rhode Island that bill for fire response as outlined in the proposed ordinance.

Implementation of this ordinance is based upon the following.

- 1) Where a majority of motor vehicle accidents and other emergency services involve individuals not owning property or paying taxes in the Town of Smithfield.
- 2) This ordinance will establish a fair and equitable procedure by which to collect said emergency service fees and shall establish a billing system in accordance with applicable laws, regulations and guidelines in the State of Rhode Island.
- 3) And, the payment for such service is expected to be made by a third party insurance carrier. At no time will the Town of Smithfield charge any individual personal party for services rendered. If a third party insurance carrier does not pay for a claim, the claim will be written-off as a hardship case. The only exception to this section will be a court ordered ruling that holds an individual party personally responsible and therefore is made personally responsible for any costs associated with emergency response fees.

"We will be the most effective and proactive emergency service and disaster mitigation organization to make Smithfield the safest community to live, work and play."

- 4) Estimated income for a given fiscal year should be \$50,000, conservatively. Last year the fire department responded to 250 automobile accidents. At a bill of \$200 per auto accident, times 250 runs per year, the total income is \$50,000. I have confidence that we will meet and exceed this number as we respond to several automobile accidents each year which involve technical rescue, such as extrications that require the use of the "Jaws of Life". These types of accidents typically warrant a greater charge for service.

Thank you for your consideration of this ordinance.

Sincerely,

TOWN OF SMITHFIELD

FIRE RECOVERY ORDINANCE

SECTION 1: The Town of Smithfield Fire and Rescue Services shall initiate user fees for the delivery of Fire and Rescue Services, personnel, supplies and equipment to the scene of motor vehicle accidents and other emergency incidents as listed in "EXHIBIT A". The rate of user fees shall be based on actual costs of the services and that which is usual, customary and reasonable, which may include any services, personnel, supplies, and equipment and with baselines established by the Smithfield Town Manager.

SECTION 2: The user fee shall be filed to the responsible party, representing an add-on cost of the claim for damages of the vehicles, property and/or injuries. In the event services are required relating to utilities causing safety problems to highway areas, and if the area is deemed unsafe by emergency responders, the same billing process shall apply to said utility, whose equipment related problems cause for an emergency services response. The claim costs shall be filed to the insurance coverage of the owner of a vehicle, owner of property, or responsible parties.

SECTION 3: The Town of Smithfield Town Council may make rules or regulations and from time to time may amend, revoke, or add rules and regulations, not consistent with this Section, as they may deem necessary or expedient in respect to billing for these fees or the collection thereof.

SECTION 4: This Ordinance shall take effect upon passage and implemented at the earliest time permitted by law.

SECTION 5: These user fees for Motor Vehicle Accidents or any other billable service covered by this resolution will apply to all persons whether residing or not residing within the Town of Smithfield. The payment for such service is expected to be made by a third party insurance carrier. At no time will the Town of Smithfield charge any individual personal party for services rendered. If a third party insurance carrier does not pay for a claim, the claim will be written-off as a hardship case. The only exception to this section will be a court ordered ruling that holds an individual party personally responsible and therefore is made personally responsible for any costs associated with emergency response fees.

EXHIBIT A

SUBJECT: Rescind the Request for Snow Plowing Services – Smithfield School Department

At the May 17th Town Council meeting an RFP was issued for Snow Plowing Services at all School Department facilities. Only one proposal was received for the June 6th bid opening from Commercial Snow Association.

After a review of the bid submission, it was determined that the bid was much higher than the estimated snow budget for fiscal year 2017. We are recommending that the RFP be rescinded and a new RFP be authorized at a future meeting.

MOTION:

That the Smithfield Town Council hereby rescinds the RFP on behalf of the School Department for Snow Plowing Services authorized at the May 17, 2016 meeting.

DATE: Thursday, April 28, 2016

TO: Town Manager Dennis Finlay

FROM: Chief Richard P. St.Sauveur, Jr.

SUBJECT: Vehicle Purchase (Ford Police Interceptor Sedan)

The purpose of this correspondence is to inform you and the Smithfield Town Council that the Police Department will be requesting authorization at the August 2nd, 2016, Town Council Meeting for the purchase of one (1) police vehicle from MHQ Municipal Vehicles through the Massachusetts VEH98 Bid. The vehicle to be purchased is a 2016 Ford Police Interceptor (AWD) Sedan. The cost for this vehicle is **\$25,530.75**.

This new sedan will replace a 2009 Ford Crown Victoria, which currently has 122,000 miles on it and needs to be placed out of service. When the new sedan arrives, the Crown Victoria will be sold on govdeals.com.

As always, this 2016 Ford Police Interceptor Sedan will be purchased with available funds in the Police Equipment Fund.

Respectfully,

Richard P. St.Sauveur, Jr.
Chief of Police

For the Town Council Meeting of August 2nd, 2016

MOTION

Moved, that the Smithfield Town Council authorize the police department to purchase one (1) police vehicle in the total amount of \$25,530.75 from MHQ Municipal Vehicles through the VEH98 Massachusetts State Bid with funds available through the Police Equipment Fund.

Attachments: RESOLUTION REGIONALIZE LOCAL BALLOT.docx

Dear Administrator, Mayor, Manager:

LG McKee has asked that I send you the attached resolution that would permit your municipality to place a non-binding ballot question on the November ballot that would read:

"SHOULD (YOUR MUNICIPALITY NAME) REGIONALIZE SERVICES WITH OTHER RHODE ISLAND MUNICIPALITIES?"

A non-binding question does not require General Assembly permission for placement on the Nov. 8 local ballot. However, passage of a resolution by your council is required and requests must be in to the Secretary of State Office no later than August 10, 2016.

Approval of this question by your local residents would send a very strong message to the General Assembly and would permit your municipality to experience efficiencies and economies of scale of unprecedented proportion.

Our office recommends you consider passage of this resolution by your council for placement on the November 8th ballot. The Office of Lieutenant Governor will continue to support your efforts to operate your communities efficiently and responsibly.

Please call if we can be of assistance.

RESOLUTION OF THE TOWN COUNCIL

**AUTHORIZING THE SUBMISSION OF A NON-BINDING QUESTION REGARDING
REGIONALIZATION TO BE PUT BEFORE THE VOTERS IN THE GENERAL
ELECTION TO BE HELD ON NOVEMBER 8, 2016.**

BE IT RESOLVED BY THE TOWN COUNCIL OF SMITHFIELD AS FOLLOWS:

WHEREAS: The State of Rhode Island and its 39 Municipalities have many opportunities to improve government operation and efficiency through regional cooperation; AND

WHEREAS: Increased government efficiency among Rhode Island Municipalities could greatly reduce Municipal operating expenses without impacting the quality of services to its citizens; AND

WHEREAS: Reducing operating expenses through regional cooperation will help manage the tax burden placed on the citizens of the Town of Smithfield.

**NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF SMITHFIELD,
RHODE ISLAND, AS FOLLOWS:**

SECTION 1: The Town of Smithfield shall place the following non-binding referendum question to be put before the voters of the Town of Smithfield in the general election to be held on November 8, 2016:

“SHOULD THE TOWN OF SMITHFIELD REGIONALIZE SERVICES WITH OTHER
RHODE ISLAND MUNICIPALITIES?”

This Resolution will take effect immediately upon its passage by the Town Council.

Application No. 16-0071

NOTICE

The Department of Environmental Management's ("DEM") Freshwater Wetlands Program ("Program") has under consideration the application of Joseph A. Casali Revocable Trust c/o Mr. Joseph A. Casali, Trustee of 365 Bungy Road, Scituate, RI 02815 requesting permission to alter freshwater wetlands in the Town of Smithfield.

The proposed project is located approximately 35 feet east of Stillwater Road, opposite utility pole nos. 20 & 21; approximately 120 feet northwest of the intersection of Ridgeland and Stillwater Roads; Assessor's Plat 22, Lot 2C, Smithfield, RI.

The freshwater wetlands affected by the proposed project include the 200 foot riverbank wetland (the area of land within 200 feet of the edge of any flowing body of water having a width of 10 feet or more) associated with a river (Woonasquatucket River).

The purpose of the proposed wetland alterations is for the construction of a 3 bedroom single family dwelling with garage, deck, sunroom, walkway, driveway, underground injection control system, underground infiltration system, utilities, and plantings.

The proposed alterations to the freshwater wetlands consist of at least: vegetative clearing, excavation, grading, soil disturbance, utility line installations, dwelling, sunroom, deck, and garage construction, paving, retaining wall installation, underground structure installations, loaming and seeding, and plant installations.

The project, as proposed will result in the alteration and/or disturbance of at least 8,133 square feet or 0.19 acres of freshwater wetlands.

Full site plans illustrating the proposed project and detailing the freshwater wetland to be altered have been furnished to the Smithfield Town Council and the Smithfield Town Clerk's Office and may be viewed at the Town offices or at this Program. A reduced set of site plans have been provided with this **NOTICE**.

This NOTICE is not authorization to do any work or to proceed with the project.

The purpose of this **NOTICE** is to inform all landowners whose properties are within two hundred feet (200') of the proposed project, the town/city council, the conservation commission, the planning board, the zoning board, and any other interested individuals and agencies of the proposal and to provide for a period of forty-five (45) days (NOTICE Period) within which concerns or comments may be received. Any comments and/or objections received during the NOTICE period shall be used to evaluate the proposed project and its impacts upon freshwater wetland functions and values.

You are advised that if you desire to submit a statement or have a good reason to enter a protest against the proposed project, it is your privilege to do so. Objections to the proposed project must relate to the proposed project's impacts on the functions and values provided by the freshwater wetlands to be altered. Such functions and values include but are not limited to:

- 1) Protection of life and/or property from flooding or flood flows by retaining, storing, metering, or slowing flood waters from storm events;
- 2) Providing and maintaining surface and/or groundwater supplies by acting as a recharge or discharge area;
- 3) Providing and maintaining valuable wildlife habitats;
- 4) Providing and maintaining high value recreation areas; and
- 5) Protecting and maintaining water quality.

Information regarding the Program's practices and procedures for evaluating such comments, any definitions, or further information on wetland functions and values may be obtained by consulting the Rules and Regulations Governing the Administration and Enforcement of the Freshwater Wetlands Act (Rules).

In accordance with Rule 10.04(C), comments filed with the DEM will be considered if they are in writing, are legible, contain a discernable name and address, are signed and are received during the NOTICE period. The application number appearing in this NOTICE or other information which will identify the comments to the proposed project is also required. The NOTICE period for this application ends at 4:00 p.m. on August 26, 2016. This Program cannot extend this NOTICE period.

In accordance with Rhode Island General Laws (R.I.G.L.) Section 2-1-21 and Rule 10.04(D), a Town or City may disapprove of an application to alter freshwater wetlands within the NOTICE period. A permit for the proposed project may not be granted by the DEM should disapproval be received in writing from the City/Town Council. To exercise its right to disapprove of this application the City/Town Council must notify this Program in writing before the end of the NOTICE period indicated herein. Such disapproval by a City or Town, however, shall not preclude the DEM from granting a permit to alter freshwater wetlands relating to a state highway project proposed by the R.I. Department of Transportation which passes through or crosses two (2) or more municipalities.

Anyone wishing to review the file in this matter should contact this office in advance (telephone: 401-222-4700) to arrange an appointment.
