Connection to the Smithfield Sewer Collection System Preliminary Industrial Wastewater Discharge Survey

Veolia Water, NA operates the Smithfield Wastewater Treatment Facility and is contracted by the Town of Smithfield to manage, the EPA mandated, Industrial Pretreatment Program. The purpose of this program is to regulate all industries and commercial businesses that discharge non-sanitary process wastewater to the Smithfield sewer collection system. Regulations developed by the Smithfield Sewer Authority have been created to ensure that there are no discharges occurring within the system that may either harm operators while working on the collection system, or impair the treatment processes at the wastewater treatment plant resulting in harmful pollutants discharging into the Woonasquatucket River and ultimately the Narragansett Bay.

To better understand your business, please answer the following questions so that Veolia Water, NA may determine your impact to the Smithfield Sewer Collection System.
