

Here with you, Here for you.

For immediate public release: July, 2018

National Grid Gas Company of Rhode Island will be working on Esmond Street, Whitman Street, High Street and Lincoln Street in the Esmond village of Smithfield starting in mid-July to replace gas mains and switch over existing gas customer service lines. The expected completion date is late-September, barring any unforeseen circumstances or delays in construction.

We apologize for the inconvenience of the construction, the traffic detours and the temporary closure of sidewalks while the work is being completed.

Should you have any questions on the work please contact the National Grid:

Carlos Silva
National Grid
Supervisor for Contractor Oversight - NE South
Mobile: 401-585-8433
Office: 401-784-4335
Email: carlos.silva@nationalgrid.com
477 Dexter St, Providence, Rhode Island

Or the Construction Supervisor

Corey Hogg
